ARMY PEOPLE HAVE ACCOMPLISHED MUCH

In Way of Straightening Out Mixed Conditions.

OF AFFAIRS IN SAN FRANCISCO

General Funston In an Interview Declares that This Is the Largest Rescue Work Ever Attempted by the United States Army.

San Francisco, May 5.—The army people at the Presidio have accomplished wonders in the way of straightening out the badly mixed up condition of affairs in this stricken city. In an interview on the subject today General Funston said:

"This is the largest rescue work ever attempted by the army."

In the east they speak of fire as the "greatest castrophe of the age," but those who have been engaged in the work of relief on the ground do not yet realize that 200,000 people were made homeless and penniless in a day, have been fed and sheltered for two weeks and no man, woman or child has gone hungry.

The relief committee wrought wonders, but in the end it must be admitted that without the army it would have been impossible.

"Every quartermaster's storehouse in the country was emptied into express trains in a day.

"For the first few days the tent cities that sprung up in the Presidio were without order or arrangement. Many of the homeless were crowded together in the wooden barracks. There the conditions resulting were not sanitary, and Thursday they were moved into an organized city of tents which had come by express from the east. Possibly the only problem that now remains for the army in this particular camp is to fix the day when it shall come down and the campers to turn to normal conditions.

"Rapid progress is being made in the immediate supply depot at the Presidio, which will soon be able to furnish the hospitals of the city with all the drugs necessary for the treatment of the sick."

In the matter of outside relief the Southern Pacific officials state that up to 7 o'clock Thursday morning 1,666 carloads of supplies have been delivered in San Francisco from all sections of the country. The Southern Pacific people are of the opinion that an additional 500 carloads of various lines of supplies from the east will reach Oakland during the next four or five days.

The cheering information was received Thursday that San Francisco is not threatened with a water famine, and that all of the city's sources of supply are intact. Probably for two or three more weeks, however, there will be a necessity for conserving the limited supply that is now coming into the city for the reason that the supply cannot be enlarged until serious breaks in one of the leading mains are repaired.

The first sign of the resumption of the real estate sales was given Thursday. Several transactions wherein process of negotiations before the conflagration were completed on the lines of the original terms, while new ones were entered upon. In addition a number of offers for reality, considerably below its former value, were promptly declined.

The clearing house reports all the city's banks as solvent. Its statement may be taken as authoritative. That does not mean that any bank could pay out the full balances of its depositors at sight, for the majority of the money is loaned. It means simply that all banks could pay at sight all checks which could be drawn in the ordinary course of business under normal conditions, and all other deposits within a reasonable time.

The health of the city continues to be good. One case of typhoid fever and six suspicious cases of the same disease have been reported in 36 hours. This record for two weeks is below the average.

This constitutes, it is claimed, one of the most remarkable reports having to medical men. That almost an entire city should be turned into virtually one vast camp without preparation for the handling of the sanitary situation, and yet the cases of typhoid fever should be limited to such a small number, is considered miraculous.

KEPT PRISONER UPON ISLAND.

Negro Boy Secures Verdict for $1,500 Damages.

Montgomery, Ala., May 5.—Adam Greene, the negro boy of Limestone county, who has obtained a judgment for $1,500 against C. N. Robinson & Co., of that county, for services rendered during a year and a half of involuntary detention on an island in the Tennessee river, has only one more move between him and his money, that of an application to the supreme court for a rehearing of the case. This application has been made and the court will go over it in a few days.

The story of the treatment of this negro boy, as shown by the records of the court, is one of great interest. It appears that he was sent to the island for some cattle and then kept there a year and a half and forced to work whether he would or not, the allegation being made that he was imprisoned in an old shanty and the boats kept locked so he could not get away. The river is too wide to swim, and he was a virtual prisoner all the time.

The lower court gave a verdict for $1,500, which was sustained by the supreme court in an especially able opinion by Justice Haralson. It is regarded as not unlikely that the United States court may take up the case and prosecute on the criminal charge of peonage.

Bucketshops an Issue.

Dublin, Ga., May 5.—Pool rooms and bucket shops have been made an issue in municipal politics in this city. Dublin has a well patronized poolroom and a cotton brokerage office which have been limited to "bucket shop." There are two aldermen to elect this year from the city at large. O. L. Anderson, J. M. Williams and H. G. Stevens, three of the six candidates state that if they are elected they will vote against reinstating the pool rooms and the bucket shops. The other candidates have so far taken no public position in regard to these enterprises. The primary will be held on the 7th of May. More than 400 voters have registered so far. Those who have not registered have until Saturday afternoon to do so. It is thought that at least 450 white voters will qualify for the primary.

Populists to Meet Tuesday.

Atlanta, May 5.—Leading Georgia Populists will meet here Tuesday in the office of Judge J. K. Hines, who was a candidate for governor against the late W. Y. Atkinson. It is authoritatively stated that the calling of this meeting is the result of the action of the Democratic state committee in restricting the Democratic primaries to bona fide Democrats, and that a final decision will be reached as to whether the Populists shall continue to act as a separate party and put out a state ticket for this fall's election, or whether they shall disband the party organization and return to the Democratic fold.

Two New Trials Granted.

Hartwell, Ga., May 5.—Hon. Horace Holder, judge of the superior court, granted new trials in the case of the State vs. Ernest Gray, who was convicted of manslaughter at the recent term of Hart superior court. Judge Holden fixed the bail of Gray at $500. He also granted a new trial in the case of R. M. Turner, assignee of D. A. Baker vs. Laura F. Holbrook. This case was tried two years ago, and by consent of the parties it has been continued ever since.

Lee Defeats Fite.

Atlanta, Ala., May 5.—Returns from all counties in the seventh district except Haralson and Paulding show that Congressman Gordon Lee has won a victory over his opponent, Judge A. W. Fite. The vote in the counties not heard from cannot affect the result except as to the vote of Congressman Lee's majority, which is estimated at between [illegible]

FATHER SHERMAN IN FULL RETREAT

Outraged at Course of Federal Government.

GIVES UP TRIP FOR PRESENT

Expressed Himself as Deeply Grieved at the Revival of Bitter Feelings Caused by His Journey to the Sea With Military Escort.

Cartersville, Ga., May 5.—Stung by criticisms that have been made of his action in traveling over the line of his father's campaign between Chattanooga and Atlanta and outraged at the course of the federal government in recalling the escort which its officers had pressed on him, Father Sherman, son of the famous general William Tecumseh Sherman, has thrown up the whole junket, and started on the return journey to Chattanooga.

Wednesday night Father Sherman spent the night here as the guest of

FATHER THOMAS SHERMAN.

General A. O. Granger, who was General Sherman's secretary. A reception was given in his honor, but while it was well attended, there were many invited who were conspicuous by their absence.

When Father Sherman reached this place and learned of the action of the war department authorities he broke off all official relations with the members of the escort, and had his baggage taken from the army wagon and carried to the home of General Granger. He later determined that this was not the proper course, and arranged to make the trip back to Chattanooga with the escort.

Father Sherman feels that he has been officially insulted by the government authorities. He claims that he was the invited guest of the government, that the invitation came unsought by him, and was pressed upon him.

He expressed himself as deeply grieved at the revival of bitter feeling caused by his journey, and though urged to continue his course without the military escort, he decided that it would be better for the present at least for him to give up the trip altogether.

Depot and Cotton Destroyed by Fire.

Marshallville, Ga., May 5.—Fire presumably started by rats eating matches, destroyed two cotton warehouses with contents and the Central of Georgia railway depot. The loss will probably reach $[illegible],000, and is covered by insurance. The warehouses burned are those of the Frederick & Frederick and that of H. W. Taylor. The Frederick warehouse contained a hundred bales of cotton, and the Taylor warehouse one hundred and fifty.

Connecticut Party to Locate.

Andersonville, Ga., May 5.—The Connecticut Andersonville monument commission has arrived at Andersonville. They came for the purpose of locating the monument for which the Connecticut legislature appropriated $[illegible] in 1905.

STALNAKER SLAIN BY WALL.

Former Deputy United States Marshal Shot Dead.

Augusta, Ga., May 5.—Former Deputy United States Marshal Charles W. Stalknek was Thursday shot and killed by James S. Wall, as a result of a row that began at a magistrates election three years ago, when Stainnaker was defeated by W. A. Wall, a brother of the slayer, and who it is understood, is an attorney in Atlanta now.

Stalnaker was talking to a friend in front of a saloon on Broad street, and was laughing over some joke when Wall walked up and made an offensive remark to which Stalnaker replied. Wall, according to the information of the police, then cursed Stalnaker, who struck him in the face. Wall drew his pistol of 38-caliber and fired five shots, three of which took effect.

Stalnaker's left wrist was pierced, his right arm shattered at the elbow and a third bullet entered the abdomen, causing internal hemorrhage from which he died a few minutes after being taken to the hospital. Mr. Wall was arrested. He refuses to make a statement.

Major Bowdre Shot to Death.

Memphis, Tenn., May 5.—Major W. T. Bowdre, a prominent cotton factor and director of the Commercial Appeal, of this city, was shot from ambush and instantly killed by an unknown party Thursday night while walking towards his home. No motive is known which could have prompted the assassination. When Major Bowdre was killed he was within 50 yards of his home in one of the most prominent residential sections of the city, and was returning from a visit to relatives. So far as known, there was no witnesses to the killing. The only plausible theory advanced is that he possibly was intercepted by footpads and refusing their demands, the shooting resulted. The bullet pierced his heart and death was instantaneous.

Sawmill Deal for $200,000.

Moultrie, Ga., May 5.—A sawmill deal involving $2[illegible],000 has been closed by which R. J. Corbett and Dr. G. F. Taylor acquire the Thomas N. Baker Lumber company's holdings at Tifton, this county. The property includes 12,000 acres of yellow timber, a mill with a cutting capacity of [illegible],000 feet of lumber daily and all the running equipment. Corbett and Taylor own a valuable saw mill property at Bridesboro and another at Corbett and the additional mill will run their holdings up to a value of half a million dollars and puts them in the rank of the largest producers of lumber in the south.

Collided With Iceberg.

London, May 5.—The British steamer, Anglo-Peruvian, Captain Curtis, from Shields, April 11, for Philadelphia, foundered recently in the Atlantic as the result of a collision with an iceberg. All the members of her crew were picked up by the British steamer, Mohawk, from New York April 30 for Antwerp, which passed Friday and signalled the news. Recent arrivals at British ports have reported icebergs dangerous to navigation in the track followed by the Atlantic liners.

Hope of Settlement Abandoned.

Chicago, May 5.—Hope of an early settlement of the bridge and structural iron workers' strike came to an end Thursday after a joint meeting at which employers in every branch of the trade were represented. It was decided under no consideration would an increase in wages be granted the strikers. Three hundred sausage and butcher workers employed by 20 small firms, walked out Thursday after a refusal of the employers to grant a 9-hour instead of a 10-hour day, with the same wages as paid now.

Ends Her Life with Chloroform.

Montgomery, Ala., May 5.—Mrs. Nellie Brown committed suicide here by taking an overdose of chloroform. She and her husband had had some trouble, and a divorce was asked for, but the final decree was settled in some way. She was suffering with headache and her husband how, it is thought, caused her to take the fatal dose. The verdict of the coroner's jury was [illegible].

$50,000 BONDS ARE REQUIRED BY YEGGMEN

Two Men Are Supposed to Be Safe Blowers.

ARRAIGNED ON TWO COUNTS

Will Be Held in Bibb County Jail in Default of Bond Until the Superior Court Convenes at Forysth in August—Rewards Will Be Paid.

Atlanta, May 5.—C. H. Clark and Thomas Newman, the supposed yeggmen arrested in the Cannon house a few weeks ago by Officers Chewning and Wood, have been bound over by Justice of the Peace J. P. Carson, at Forsyth in the sum of $50,000 each, in default of which they were taken back to Bibb county jail, where they will be held until the superior court convenes at Forsyth on the third Monday in August.

Clark and Newman were arraigned on two counts, that of highway robbery in that they held up and robbed the Forsyth marshal of his pistol, and safe blowing, it being alleged they blew open the safe of the Fite Manufacturing company, at Forsyth.

Justice Carson fixed their bonds at $2,[illegible]00 on each count.

The men were arraigned for a preliminary trial, but their counsel failed to put in an appearance and they announced that they would waive a preliminary hearing. It was then that the heavy bonds were named. Should the alleged crooks be convicted, Officers Wood and Chewning will receive a reward of $[illegible] the amount offered by the Fite Manufacturing company for the arrest and conviction of the burglars who blew their safe.

Attempt to Wreck Train.

Greenville, Ga., May 5.—An attempt was made to wreck the Central train from Americus to Greenville at a point near Gibson, about 8 miles below here. A crosstie had been placed upon the track at the north end of a curve, just where it left a cut, and but for the fact that the tie was laid at right angles across the track the attempt would probably have been successful. As it was, the pilot of the engine passed over the obstruction so tightly that the timber slid along the rails ahead of the wheels until the train could be stopped. The negro brakeman, Rich Matthews, discovered a party concealed near the spot and chased him into the woods, failing to capture him. No damage was done.

Magistrate Killed by Zulus.

Pietermaritzburg, Natal, May 5.—An outrage which may have serious consequences has occurred in Zululand. Mr. Stainbank, the British magistrate at Mahlabitini, Zululand, has been killed by Zulus while collecting taxes near that place. Mr. Stainback, his wife, a woman companion and some mounted police were caught in an ambush by hostile natives who fired a volley at them. The magistrate and one of the policemen were fatally wounded. Mr. Stainback and the two ladies managed to reach Mahlabitini, where the magistrate died of his injuries.

Engineers Complete Work.

Chattanooga, May 5.—The American Society of Mechanical Engineers finished Thursday morning the scheduled work of their fifty-third semi-annual session. In the afternoon the delegates and ladies accompanying them visited the Chickamauga National park and Fort Oglethorpe, at which the Twelfth cavalry is stationed. Officers will be elected at the annual meeting to be held in New York.

Large Still Captured.

Hartwell, Ga., May 5.—F. S. Brown and Washington Grizzle, of the revenue service, captured a big distillery in the pleasant Hill settlement, in Mr. Curry's district. From all appearances, it is reported that the still is thought to be operated by parties who fled at a distance, as a complete escaping outfit was near it. The still was shipped to Atlanta, where it will be confiscated.

CONTRACT LET FOR NEW BUILDINGS

Was Awarded to Eddins Manufacturing Company of This City.

THE CONTRACT PRICE, $18,000

This Provides for Many Structures, All of Which Must Be Completed on or Before September 1, in Time for Opening the College.

The meeting of the State Board of Educational Control, which convened here Tuesday, was one of the most important sessions of that honorable body ever held, since the contract was considered and let for the erection of a number of additional buildings at the University grounds. While the contract was not made public for two or three days, it was conceded that it had been virtually agreed to let the same to a Gainesville firm of contractors, with the result that the Eddins Manufactoring Company secured the same, the provision aggregating $18,000.

The contract specifies the following buildings: One machine hall and foundry, two dwellings, one wagon barn, one fertilizer barn, one barn with outbuildings, one storage warehouse, one hay barn, one greenhouse, two stables and one silo. The greenhouse it is proposed to make an elaborate affair and a commodious structure, as special attention will be paid to this department in the new University.

In speaking of the matter Saturday, W. N Wilson stated that contract provides that all the buildings must be completed on or before September 1 of the present year, in order that they may be ready for occupany at the time of the opening of the fall term of the University.

The W. T. Hadlow Company, contractors for the dormitories, which are now in course of erection, are making good progress, and Superintendent Richardson assures the Board that they will be ready in ample time.

The University grounds are now a scene of general activity, as a large force is now being employed there.

BROWN BETHEA SHOT.

Little Brother Playing With Rifle When It Was Discharged.

Another story of "the gun when it was loaded," as is always the case, has reached Gainesville, this time Brown Bethea, twenty years of age, son of Judge G. D. Bethea, Jennings Lake, being the victim. As a result young Bethea is in a dangerous condition, if reports are correct.

It appears that little John Bethea, six years old, a brother of Brown, was playing with a 22-calibre rifle, when the piece was discharged, the ball entering the victim's right side.

Parties arriving from the Jennings Lake section state that Mr. Bethea's condition is anything but encouraging and may prove fatal.

The Betheas are popular people in the West End and the accident is greatly deplored.

"TAD" WANTS J. R. THOMAS.

A Few Good Words for Candidate for School Board from West End.

Editor Sun: As we don't see anything said in reference to our School Board Commissioners and the County Commissioners out here, we people are going to vote for J. R. Thomas for School Board. He is a loyal citizen and we want a two-thirds majority of the people of this county to vote for him, for he is the best man for the place. Mr. Thomas has an opponent out here, but we are not going to give it to him. I don't think he would suit us fellows out here.

So I think it will be thus as the sick man lay at the pool of Saloam eighteen years waiting for the waters to be troubled to get healed. You see when the political waters are troubled he is near, like the sick man was, waiting to get healed; but when the people get the political waters fully troubled, we put a man in and he is healed, and there he stays standing to be healed of office-wanting, and the people say "Why don't you be healed of wanting office?" "Sir, I have no one to put me in when the waters are troubled."

So that is the way it will be on May the 15th, 1906. John R. Thomas will step in and be safe and sound. Come, old boys, let us give Hon. J. R. Thomas a big majority. TAD.

Wauhee, May 5.

BOTH FOOD AND MEDICINE.

We like best to call Scott's Emulsion a food-medicine. It is a term that aptly describes the character and action of our Emulsion. More than a medicine—more than a food, yet combining the vital principles of both. It is for this reason that Scott's Emulsion has a distinct and special value in all wasting diseases. There is nothing better to remedy the troubles of imperfect growth and delicate health in children. The action of Scott's Emulsion is just as effective in treating weakness and wasting in adults.

CARD FROM MR. WEEKS.

Explains Why He Is Anxious to Go Back as School Board Member.

To the Democratic Voters of Alachua County:

I am a candidate for member of the school board of public instruction, subject to the action of the primary. The time is entirely too short for me to make a thorough canvass of the county, and thinking it possible that I may not see you all before that time, I have concluded to ask your support through this medium.

I have been a member of the school board for several years and have endeavored to discharge my duty. No one is a better friend of the public school system than I, and a combination of unfortunate circumstances caused a large school debt. The board and superintendent have done everything possible, and have within two years reduced the school debt about 50 per cent and at the same time given a five-months school term. I am satisfied we will pay off about or all of the debt in the next two years. I am anxious to remain until this is done. So try me at heart for the next two years, and I assure you that I will appreciate it and will try to give you no cause to regret it.

Yours very respectfully,
R. B. WEEKS.

The annual convention of the Woman's Home Mission Society of the Methodist Episcopal Church South, which will be in session here for four days, really began Saturday evening, when a reception was tendered the ladies at the elegant home of Mr. and Mrs. C. W. Chase.

This reception was well attended, being given to afford an opportunity for the members of the local mission, of which Mrs. W. L. Floyd is president, to meet the visitors. About fifty were in attendance, and it is needless to add that the occasion proved one of the most enjoyable ever held in the city.

The meeting will be held in the Methodist church, and there will be two sessions each day. The convention promises to be one of the most beneficial ever assembled in Florida.

Letter to B. F. Jordan,

Gainesville, Fla.

Dear Sir: Your business is, when a house burns down, to give the owner some money to build a new one. It is a good business. Queer that the world got on so long without it.

We paint the one that burnt down and the new ones, too. What is better, we paint the houses that don't burn down.

You insure the houses that burn; insure the houses that don't. You have the ashes and smoke; all the houses are ours.

We paint lead-and-zinc; Devoe. We sell the paint to painters; we don't paint.

Lead-and-oil is the old-fashion paint. Devoe is zinc ground in with lead and linseed oil; the best paint in the world; and the cheapest, because it takes fewer gallons than mixed paints and it wears twice as long as lead-and-oil. Nobody wants poor paint; there's lots of it, though, in the world.

A. M. Griffin, Plainfield, N. J., writes:

"Mr. Aaron Higgins of Plainfield always used 15 gallons of mixed paint for his house. Last spring he bought 15 gallons of Devoe and had four gallons left." Yours truly,

F. W. DEVOE & CO.
New York.

NEW FIRST NATIONAL HANDSOME PLACE

Nothing of the Kind in Florida Surpasses It in Fineness.

WAS DESIGNED FOR COMFORT

The Bank Now Occupying New Quarters, Which Are the Admiration of Not Only the Officials, But All the People of Gainesville.

Since the completion of improvements in its elegant building, the First National Bank may claim with impunity that it is now occuping one of the handsomest and most commodious banking houses in Florida, and this new place is a pride not only to the stockholders and officials of the institution, but to the entire people of the city of Gainesville.

The arrangement of the elegant new furniture and furnishings, which was made to order, is all that could be desired, both in convenience and comfort. As one enters the room, to the right may be found the private office of Cashier H. E. Taylor, who has, his friends good-naturedly claim, already learned to recline in his easy chair with his usual good humor, but with the dignity of a prince—a dignity which they say has been foreign to the man. However, Cashier Taylor had this compartment arranged with a view to comfort, and no bank official in Florida, or anywhere else for that matter, is more deserving of comfort.

Running from right to left are the walls of elegant mahogany furniture, set with attractive windows and glass panels, making altogether a most attractive appearance. Separate windows are provided for the tellers, bookkeepers, collecting department, etc., while in the rear are arranged the directors' room, as well as a commodious lavatory provided with the comforts and conveniences of an up-to-date resort of this kind.

On the extreme left of the room is the private office of President Graham, which is connected by door with a writing and "lounging" room for the accommodation of ladies and other patrons of the bank who are sometimes desirous of writing a letter, of transacting business of a private nature, or who perhaps may be required to await their "turn" at the counting room.

In all, the new First National quarters are all that one could desire, and the place would be a credit to any city in the country.

SATURDAY MORNING FIRE

Home of Colored Woman Almost Destroyed by Fire Demon.

At 1:50 o'clock Saturday morning, when the good people of Gainesville were in peaceful slumber, an alarm of fire was turned in from Box 28, corner of North Pleasant and West Court, which summoned the department to the corner of North Arredondo and West Church streets, where the flames were raging fiercely in the cottage owned by Amanda Jarvis of Tampa, and occupied by James Samson and wife and several roomers.

Owing to the hour in which the fire occurred, good headway was evidently obtained before the flames were discovered. The department responded with its usual promptness, but little could be done towards saving the property, which was almost a total loss.

It has been hinted that the origin was of an incendiary nature, as it is said an attempt was made to burn it several days ago. The officers are investigating the affair, and in the event the guilty party is apprehended there will likely be "something doing," as arson is one of the gravest and most serious offenses against the dignity of the State.

WIRE CAUSED EXCITEMENT.

Electric Wire Burned in Two and Fell to Ground Saturday.

Considerable excitement was caused by the antics of a live wire of the Electric Light and Power Company at the corner of North Garden and West Court streets Saturday night, many people being attracted to the scene by the popping and sizzling of the wires, and the bright sparks which emanated from the same as it lay upon the ground. Lights in the houses in the neighborhood were extinguished, and several telephones were put out of commission for a time. The building occupied by Mr. and Mrs. H. E. Benson, 403 North Garden street, was ignited, but the flames were quickly extinguished without damage.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.

CONTRACT LET FOR NEW BUILDINGS

Was Awarded to Eddins Manufacturing Company of This City.

THE CONTRACT PRICE, $18,000

This Provides for Many Structures, All of Which Must Be Completed on or Before September 1, in Time for Opening the College.

The meeting of the State Board of Educational Control, which convened here Tuesday, was one of the most important sessions of that honorable body ever held, since the contract was considered and let for the erection of a number of additional buildings at the University grounds. While the contract was not made public for two or three days, it was conceded that it had been virtually agreed to let the same to a Gainesville firm of contractors, with the result that the Eddins Manufacturing Company secured the same, the provision aggregating $18,000.

The contract specifies the following buildings: One machine hall and foundry, two dwellings, one wagon barn, one fertilizer barn, one barn with outbuildings, one storage warehouse, one hay barn, one greenhouse, two stables and one silo. The greenhouse it is proposed to make an elaborate affair and a commodious structure, as special attention will be paid to this department in the new University.

In speaking of the matter Saturday, W. N. Wilson stated that contract provides that all the buildings must be completed on or before September 1 of the present year, in order that they may be ready for occupany at the time of the opening of the fall term of the University.

The W. T. Hadlow Company, contractors for the dormitories, which are now in course of erection, are making good progress, and Superintendent Richardson assures the Board that they will be ready in ample time.

The University grounds are now a scene of general activity, as a large force is now being employed there.

BROWN BETHEA SHOT.

Little Brother Playing With Rifle When It Was Discharged.

Another story of "the gun when it was loaded," as is always the case, has reached Gainesville, this time Brown Bethea, twenty years of age, son of Judge G. D. Bethea, Jennings Lake, being the victim. As a result young Bethea is in a dangerous condition, if reports are correct.

It appears that little John Bethea, six years old, a brother of Brown, was playing with a 22-calibre rifle, when the piece was discharged, the ball entering the victim's right side.

Parties arriving from the Jennings Lake section state that Mr. Bethea's condition is anything but encouraging and may prove fatal.

The Betheas are popular people in the West End and the accident is greatly deplored.

"TAD" WANTS J. R. THOMAS.

A Few Good Words for Candidate for School Board from West End.

Editor Sun: As we don't see anything said in reference to our School Board Commissioners and the County Commissioners out here, we people are going to vote for J. R. Thomas for School Board. He is a loyal citizen and we want a two-thirds majority of the people of this county to vote for him, for he is the beef man for the place. Mr. Thomas has an opponent out here, but we are not going to give it to him. I don't think he would suit us fellows out here.

So I think it will be thus as the sick man lay at the pool of Saloam eighteen years waiting for the waters to be troubled to get healed. You see when the political waters are troubled he is near, like the sick man was, waiting to get healed; but when the people get the political waters fully troubled, we put a man in and he is healed, and there he stays standing to be healed of office-wanting, and the people say "Why don't you be healed of wanting office?" "Sir, I have no one to put me in when the waters are troubled."

So that is the way it will be on May the 15th, 1906. John R. Thomas will step in and be safe and sound. Come, old boys, let us give Hon. J. R. Thomas a big majority.

TAD.

Wannee, May 5.

BOTH FOOD AND MEDICINE.

We like best to call Scott's Emulsion a food-medicine. It is a term that aptly describes the character and action of our Emulsion. More than a medicine—more than a food, yet combining the vital principles of both. It is for this reason that Scott's Emulsion has a distinct and special value in all wasting diseases. There is nothing better to remedy the troubles of imperfect growth and delicate health in children. The action of Scott's Emulsion is just as effective in treating weakness and wasting in adults.

SCOTT & BOWNE, 409 Pearl Street, New York.

CARD FROM MR. WEEKS.

Explains Why He Is Anxious to Go Back as School Board Member.

To the Democratic Voters of Alachua County:

I am a candidate for member of the school board of public instruction, subject to the action of the primary. The time is entirely too short for me to make a thorough canvass of the county, and thinking it possible that I may not see you all before that time, I have concluded to ask your support through this medium.

I have been a member of the school board for several years and have endeavored to discharge my duty. No one is a better friend of the public school system than I, and a combination of unfortunate circumstances caused a large school debt. The board and superintendent have done everything possible, and have within two years reduced the school debt about 50 per cent and at the same time given a five-months school term. I am satisfied we will pay off about or all of the debt in the next two years. I am anxious to remain until this is done. So try me at heart for the next two years, and I assure you that I will appreciate it and will try to give you no cause to regret it.

Yours very respectfully,

R. B. WEEKS.

FUNCTION MOST ENJOYABLE

About Fifty Were Present, Which Afforded the Members of the Local Mission to Meet Visitors From Every Section of the State.

The annual convention of the Woman's Home Mission Society of the Methodist Episcopal Church South, which will be in session here for four days, really began Saturday evening, when a reception was tendered the ladies at the elegant home of Mr. and Mrs. C. W. Chase.

This reception was well attended, being given to afford an opportunity for the members of the local mission, of which Mrs. W. L. Floyd is president, to meet the visitors. About fifty were in attendance, and it is needless to add that the occasion proved one of the most enjoyable ever held in the city.

The meeting will be held in the Methodist church, and there will be two sessions each day. The convention promises to be one of the most beneficial ever assembled in Florida.

Norfolk, Va., May 5.—The United States circuit court of appeals at Richmond, having denied the mandamus sought by F. D. Mistook Companion for a Turkey.

Clayton, Ga., May 5.—Tillman Ramey, a well-known and respectable citizen of Rabun, Ga., this county, was shot and mortally wounded Thursday morning by Clint Coffee, a young man of the same neighborhood. They were both turkey hunting and Coffee mistook Ramey for a turkey and under this delusion fired the fatal shot.

Letter to B. F. Jordan,

Gainesville, Fla.

Dear Sir: Your business is, when a house burns down, to give the owner some money to build a new one. It is a good business. Queer that the world got on so long without it.

We paint the one that burnt down and the new ones, too. What is better, we paint the houses that don't burn down.

You insure the houses that burn; insure the houses that don't. You have the ashes and smoke; all the houses are ours.

We paint lead-and-zinc; Devoe. We sell the paint to painters; we don't paint.

Lead-and-oil is the old-fashion paint. Devoe is zinc ground in with lead and linseed oil; the best paint in the world; and the cheapest, because it takes fewer gallons than mixed paints and it wears twice as long as lead-and-oil. Nobody wants poor paint; there's lots of it, though, in the world.

A. M. Griffin, Plainfield, N. J., writes:

"Mr. Aaron Higgins of Plainfield always used 15 gallons of mixed paint for his house. Last spring he bought 15 gallons of Devoe and had four gallons left."

Yours truly,

F. W. Devoe & Co.,

89 New York

P. S.: The S. J. Thomas Co. sell our paint.

NEW FIRST NATIONAL HANDSOME PLACE

Nothing of the Kind in Florida Surpasses It in Fineness.

WAS DESIGNED FOR COMFORT

The Bank Now Occupying New Quarters, Which Are the Admiration of Not Only the Officials, But All the People of Gainesville.

Since the completion of improvements in its elegant building, the First National Bank may claim with impunity that it is now occuping one of the handsomest and most commodious banking houses in Florida, and this new place is a pride not only to the stockholders and officials of the institution, but to the entire people of the city of Gainesville.

The arrangement of the elegant new furniture and furnishings, which was made to order, is all that could be desired, both in convenience and comfort. As one enters the room, to the right may be found the private office of Cashier H. E. Taylor, who has, his friends good-naturedly claim, already learned to recline in his easy chair with his usual good humor, but with the dignity of a prince—a dignity which they say has been foreign to the man. However, Cashier Taylor had this compartment arranged with a view to comfort, and no bank official in Florida, or anywhere else for that matter, is more deserving of comfort.

Running from right to left are the walls of elegant mahogany furniture, set with attractive windows and glass panels, making altogether a most attractive appearance. Separate windows are provided for the tellers, bookkeepers, collecting department, etc., while in the rear are arranged the directors' room, as well as a commodious lavatory provided with the comforts and conveniences of an up-to date resort of this kind.

On the extreme left of the room is the private office of President Graham, which is connected by door with a writing and "lounging" room for the accommodation of ladies and other patrons of the bank who are sometimes desirous of writing a letter, of transacting business of a private nature, or who perhaps may be required to await their "turn" at the counting room.

In all, the new First National quarters are all that one could desire, and the place would be a credit to any city in the country.

SATURDAY MORNING FIRE.

Home of Colored Woman Almost Destroyed by Fire Demon

At 1:50 o'clock Saturday morning, when the good people of Gainesville were in peaceful slumber, an alarm of fire was turned in from Box 28, corner of North Pleasant and West Court, which summoned the department to the corner of North Arredondo and West Church streets, where the flames were raging fiercely in the cottage owned by Amanda Jarvis of Tampa, and occupied by James Samson and wife and several roomers.

Owing to the hour in which the fire occurred, good headway was evidently obtained before the flames were discovered. The department responded with its usual promptness, but little could be done towards saving the property, which was almost a total loss.

It has been hinted that the origin was of an incendiary nature, as it is said an attempt was made to burn it several days ago. The officers are investigating the affair, and in the event the guilty party is apprehended there will likely be "something doing," as arson is one of the gravest and most serious offenses against the dignity of the State.

Considerable excitement was caused by the antics of a live wire of the Electric Light and Power Company at the corner of North Garden and West Court streets Saturday night, many people being attracted to the scene by the popping and sizzling of the wires, and the bright sparks which emanated from the same as it lay upon the ground. Lights in the houses in the neighborhood were extinguished, and several telephones were put out of commission for a time. The building occupied by Mr. and Mrs. H. E. PHIFER & MORRIS.

One of the Greatest Sales Gainesville Ever Knew Will Begin May 9.

One of the greatest bargain sales ever known to the people of Gainesville and Alachua county will begin on the 9th inst., as will be seen by reference to the page advertisement of Phifer & Morris, the clothiers and gentlemen's furnishers, which appears in this issue.

This enterprising firm states that there are $18,000 worth of clothing, shoes and furnishing goods to be sold at prices so ridiculous that it will astound the natives, and tell you how you can secure the value of not only the best goods that ever struck the town, but a free trip to Gainesville if you are not a resident here. See the advertisement and act accordingly.

The Delegates Home.

Medlin of Gainesville; fourth vice-president, Mrs. Wainwright of Starke; treasurer, Mrs. Clifton B. Gwynn of Tallahassee; recording secretary, Mrs. Brown of St. Augustine; corresponding secretary, Mrs. T. C. Varn of Madison; registrar, Mrs. Blackmon, Palatka; historian, Mrs. Howe of Pensacola.

THE SENATORIAL QUESTION.

State Press Speak Well of Present Incumbent.

Senator McCreary has entered the Senatorial race in Alachua. He is a good man and the people of that county will no doubt elect him.—Lake Butlar Star.

It is the general opinion that Senator H. H McCreary of The Gainesville Sun will be renominated at the coming primary election by a handsome majority. A better man could not be selected.—Waldo News.

Hon. H. H. McCreary, of The Gainesville Sun, is in the race for re-election to the State Senate. McCreary has long been a valued member of the body, and his friends throughout this section wish him well in his present contest.—Palatka Times-Herald.

The hearings of the Interstate Commerce Commission in Washington have been quite as entertaining and instructive as those previously held in Philadelphia and Baltimore. They have been in pursuance of the Tillman-Gillespie resolution for an inquiry into the methods and practices of the coal and oil carrying roads. The hearings have developed few things so far that were not a matter of common knowledge or suspicion before. But it is interesting to have them set down in cold testimony with the seal of an official inquiry on them. It appears from the inquiries of the Commission that the coal roads have strictly divided the territory between them, forcing retailers and consumers to get coal from one line or not at all. They have even prevented the competition of water transportation where such transportation would have been possible, and they have resorted to the old trick of refusing cars to the independent producers so that they could not get their coal to market no matter how much of it they had above ground. Altogether the coal trust is shown up as no myth and no fiction of the yellow papers of the man with the muck-rake, but one of the most strangling and withering monopolies that has ever afflicted a nominally free country. The only question that remains is what use Congress will make of the information after it gets it. The natural supposition is that the report will cause a few days talk when it is first rendered, and then will be conveniently pigeon-holed or referred to a committee that will be indefinitely barred from reporting owing to the press of more important business.

The Administration has had a chance in the past week to cement the already good relations of this country with France by numerous attentions to the Admiral and officers of the French squadron that came to participate in the ceremonies over John Paul Jones at Annapolis. The President has received Admiral Campion and his staff at the White House and they have been made welcome at the Navy Department and to their own Embassy. They have been entertained at luncheon by the secretary of the navy in company with a number of the most distinguished army and navy officers in Washington. The Frenchmen have expressed themselves as delighted at their reception and promise to go home with a better opinion of this country than ever.

MR. APPLEYARD AND THE CORPORATIONS.

[From The Tampa Tribune, April 25.]

The imbecility and dense ignorance displayed by one or more South Florida papers regarding the candidacy of Mr. T. J. Appleyard of Lake City for railroad commissioner, is so absurd that thinking people do not consider it a minute, consequently little attention should be paid to it. But for fear a few voters who are not posted relative to State politics may take the matter seriously is the cause of this article.

The opposition to Mr. Appleyard is industriously circulating circulars throughout the State wherein the Lake City editor is characterized as "a corporation" candidate. The Tribune has been a reader of Mr. Appleyard's paper for a number of years, and it has never espoused the cause of the corporations against the people. In fact, Mr. Appleyard's whole career as a journalist is like an open book, and those who have watched his course have always placed him on the side of the people against corporate influences and power, and the unjust attack made upon him by a few personal enemies will prove to be the greatest boomerang that has been sprung in this campaign.

Mr. Appleyard is not what a few people would like him to be in order to hold an office in this State. He has never been accused of being a Populist or Socialist, but he is and has always been a conservative Democrat, and a good one at that. If every aspirant for public office was as conscientious, fearless, loyal, able and true as Mr. Appleyard, this campaign would be composed of the most honorable set of candidates that has ever aspired for public office.

The imputation that he is the candidate of a clique is one of those tantalizing things that all honorable men are compelled to submit to when they ask to become public officials, but if the people who are endeavoring to defeat him will treat him as fair as he will treat his opponents they will immediatly apologize to the public for the monumental fabrications sent broadcast over this State for the specific purpose of defeating one of the most able men in Florida for the position he seeks.

A NEAT COMPLIMENT.

The May number of "School Education," Minneapolis, Minn., contains the following, which we gladly reprint, as showing how The Florida School Exponent, published in this city, is regarded by the educational press of America. It is a neat compliment to Florida as well as to Mr. McBeath:

"Minnesota Greets Florida.

"Teachers of Florida, you are to be congratulated on having as clean, as spicy, as practical, as useful, as common-sense an educational journal as The Florida School Exponent. The gopher touches paws with the alligator. School Education bids The Exponent good speed. Tom F. McBeath, shake! You are doing a noble work."

The Sun is proud to add to its list of subscribers Mr. G. H. Sanches of Newberry, one of the pioneer native residents of Alachua county. He is 72 years old and fought through the Seminold Indian War and the War between the States, but is much better preserved than most men many years younger than he. Mr. Sanchez takes a deep interest in public affairs and is well posted in relation thereto.

The campaign liar generally waits until the eve of election to circulate his falsehoods, and the present will probably be no exception.

Rebuke the campaign liar by voting against his candidate.

THE KING OF BLOOD PURIFIERS

No other remedy has given such perfect satisfaction as a blood purifier and tonic or is so reliable in the cure of blood diseases of every character as S. S. S. It is known as "The King of Blood Purifiers," and the secret of its success and its right to this title is because ***"IT CURES DISEASE."*** It is an honest medicine, made entirely of purifying, healing roots, herbs and barks, which are acknowledged to be specifics for diseases arising from an impure or poisoned condition of the blood and possessing tonic properties that act gently and admirably in the up-building of a run-down, weakened or disordered condition of the system.

One of the greatest points in favor of S. S. S. is that it is the only blood remedy on the market which does not contain a mineral ingredient of some kind to derange or damage the system. It is the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family, and persons who have allowed their systems to get in such condition that most medicines are repulsive to the stomach will find that S. S. S., while thorough, is gentle and pleasant in its action, and has none of the nauseating effects of the different mineral mixtures and concoctions offered as blood purifiers.

As every part of the body is dependent on the blood for nourishment and strength, it is necessary that this vital fluid be kept free from germs and poisons. So long as it remains uncontaminated we are fortified against disease, and health is assured; but any impurity, humor or poison acts injuriously on the system and affects the general health. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison etc., are all deep-seated blood disorders that continue to grow worse as long as the poison remains.

Gentlemen:—S. S. S. is used as a family medicine in our home. I myself have taken and always found it what it is claimed to be. It thoroughly cleanses the system of impurities, increases the appetite, improves the digestion, and builds up the general health. I have given it to my children with fine results. It promptly restores the appetite and clears the skin of all eruptions. It is a very fine blood tonic and has my hearty endorsement.
151 South St., Lebanon, Pa. P. H. THOMPSON.

But all blood diseases are not acquired; some persons are born with an hereditary taint in the blood and we see this great affliction manifested in many ways. The skin has a waxy, pallid appearance, the eyes are often weak, glands of the neck enlarged, and as the taint has been in the blood since birth the entire health is usually affected.

In all blood troubles S. S. S. has proved itself a perfect remedy and has well earned the title of "KING OF BLOOD PURIFIERS." It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this stream of life pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of the taint, purifies and strengthens the weak, deteriorated blood, and supplies it with the healthful properties it needs and establishes the foundation for good health. As a tonic this great medicine has no equal, and it will be found especially bracing to weak, anaemic persons. Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison and all other blood troubles are cured permanently by S. S. S., and so thorough is the cleansing of the blood that no trace of the disease is left to break out in future years or to be transmitted to offspring. If you are in need of a blood purifier get "THE KING" of them all, S. S. S.—and good results are assured. Book on the blood and any medical advice desired furnished without charge to all who write.

Judge Carter For the House.

If you wish to see the interests of Alachua county fully protected—

If you wish to see the material interests of the county advanced—

If you wish to see the State University finally and irrevocably located at your county site and its efficiency unimpaired by meager appropriations—

Then send qualified and experienced men to represent your county in the next Legislature—not men who possibly may have a future political career to nurse and look after, but men with an eye single to the material and educational interests of the county.

Likes or dislikes of individuals should not enter into your calculations; qualification to do the work required should alone control your selection.

A combination of circumstances has made it possible for Mr. S. I. Carter to be of the very greatest use and benefit to the people of Alachua county in the next Legislature.

There is no disparagement of the other candidates. They are all good men and true. But you have to select two. Why not let one of that selection be a man of wide personal acquaintance in every county in the State, of influence in the councils of the party, of experience in legislative matters and with ability to cope in debate with the ablest men our opponents may send to Tallahassee.

Vote for Mr. Carter for one of your Representatives.

From the W. C. T. U.

The following has been handed The Sun for publication by the ladies of the Gainesville W. C. T. U. on the death of the late W. W. Ashley:

Whereas, God has seen best to remove one of our members, Mr. W. W. Ashley, we feel that our feeble words cannot express our loss.

His untiring labor in the cause of temperance was best expressed in words so beautifully sung as a prayer in our late convention by him and his devoted sister:

"Great God attend while Zion sings
the joy that from Thy presence springs;
To spend one day with Thee on earth
exceeds a thousand days of mirth,
Might I enjoy the meanest place within Thy house, O God of Grace,
Nor tents of ease nor thrones of power
should tempt my feet to leave thy door.

"God is our sun, He makes our day;
God is our shield, He guides our way
From all assaults of hell and sin, from foes without and foes within
All needful grace will God bestow and crown that grace with glory, too;
He gives us all things and withholds no real good from upright souls
O God, our King, whose sovereign sway, the glorious hosts of heaven obey,
And evils at Thy presence flee; blest is the man that trusts in Thee."

Little did we know when he sang those beautiful words with such deep feeling, how little he was able for the demands we were constantly making upon him.

God knew how tired he was and called him home to his rest. May His blessings rest on his lonely sister, and when her work is finished here, may they again sing duets in the presence of God, their King, is the prayer of the Woman's Christian Temperance Union.

Nothing is more important to Gainesville than the good health of her people. How can they fill their place in this busy town unless they are well?

No one trouble is responsible for more nervous ills, sleeplessness, general debility, weakness, back-aches, rheumatic pains, even ill temper and peevishness, than indigestion.

Fortunately, a combination of remedies, called Mi-o-na stomach tablets, has been discovered that absolutely cures indigestion and restores to health and strength the whole digestive system.

So reliable is Mi-o-na in curing all forms of stomach weakness and troubles that J. W. McCollum & Co. give a signed guarantee that the remedy will cost nothing unless it cures. Mi-o-na sells for 50 cents, and is invaluable to anyone who suffers with indigestion, nervousness or weak stomach.

SURGEON COAXES BACK LIFE.

Wonderfully Delicate Operation Has Proven Successful.

New York May 5.—A 15-year-old Italian girl was used as an illustration on the subject of laparotomy which was discussed at the New York academy of Medicine Thursday and excited great interest.

The girl last October was shot through the spinal cord, abdomen and liver. The surgeon who performed the subsequent operation, read a paper on the subject before the academy. The girl now only shows a slight halting in the action of the left leg and a small tendency to bend backward. The opinion was expressed that she would eventually gain entire control of her powers of locomotion.

This was declared to be one of the most wonderful cures in American surgery. In many respects the wound was like that which caused the death of President McKinley, and was identical, it was said with that which resulted in the death of Marshal Field, Jr. in Chicago.

Fortunate Missourians.

"When I was a druggist at Livonia, Mo.," writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest cough and cold cure and lung healer. Guaranteed by all druggists. 50c and $1. Trial bottle free.

Road Is Assuming Shape.

Waynesboro, Ga., May 5.—The new railroad projected by Hon. George M Brinson and others seems to be assuming shape. The route is being surveyed, and an option has been secured on a hundred acre tract for railroad purposes. It is also asserted that this road that will run from Savannah to Athens will be a connecting link, with the Louisville and Nashville, giving them an outlet to the sea. This will mean much to both Atlanta and Savannah if such is the case. The new road will greatly benefit this city and open up new and rich territory heretofore untouched by railroads.

Not if as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The eminent physician cannot prescribe a bottle preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by all druggists.

Commits Suicide in Church.

Cincinnati, May 5.—Using a straw to prevent disfiguring her face, Mrs Emma Reybert, wife of a printer, last night in the solemn quietude of St. Philomenas church, committed suicide with carbolic acid. She died a few minutes after being found, but her identity was not established until after midnight. Despondency because of poor health is believed to have been the cause for the act.

Deaths From Appendicitis

Decrease in the same ratio that the use of Dr. King's New Life Pills increases. They save you from danger and bring quick and painless release from constipation and the ills growing out of it. Strength and vigor always follow their use. Guaranteed by all druggists. 25c. Try them.

Lost Life While Saving Friend.

St. Augustine, Fla., May 5.—Fred Krauss, a machinist, aged 36, jumped from a beach jetty after a pal and was drowned.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or [illegible] denotes affection and dark hair inconstancy. A person without hair is [illegible] devoid of character, far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs. The rabbit became totally bald in five days time. To rid the scalp of these germs it is necessary to apply Herpicide.

Remember the cause—you remove the effect.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

MOZLEY'S LEMON ELIXIR

"One Dose Convinces."

Big Offer for 'Frisco Property.

San Francisco, May 5.—The local syndicate which owns the Lick house site, on Montgomery street, between Post and Sutter, has been offered $750,000 more than they paid for the lot and hotel building about 2 years ago, and have declined to sell. This offer is a strong indication of down-town realty values.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally, I tried Foley's Kidney Cure and less than two bottles completely cured me, and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. J. W. McCollum & Co.

Heavy Loss at Oakland.

Oakland, Calif., May 5.—Governor Pardee has received a dispatch from Santa Rosa saying that the property loss caused by the recent earthquake will amount to about $3,000,000. It will cost at least $150,000 to clear away the wreckage.

Do You Love

Your baby? You wonder why he cries. Buy a bottle of White's Cream Vermifuge and he will never cry. Most babies have worms and the mothers don't know it. White's Cream Vermifuge rids the child of worms and cleans out its system in a pleasant way. Every mother should keep a bottle of this medicine in the house. With it, fear need never enter her mind. Price 25c. Sold by W. M. Johnson.

New National Bank Soon to Sart.

Macon, Ga., May 5.—About July 1 a new national bank is to begin operation in Macon. The work is now practically completed, and Macon capitalists are already working for the new business. Strong money backing will support the institution.

Best for Women and Children.

On account of its mild action and pleasant taste Orino Laxative Fruit Syrup is especially recommended for women and children. It does not nauseate or gripe like pills and ordinary cathartics. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating them. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

SURGEON COAXES BACK LIFE.

Wonderfully Delicate Operation Has Proven Successful.

New York May 5.—A 15-year-old Italian girl was used as an illustration on the subject of laparotomy which was discussed at the New York academy of Medicine Thursday and excited great interest.

The girl last October was shot through the spinal cord, abdomen and liver. The surgeon who performed the subsequent operation, read a paper on the subject before the academy. The girl now only shows a slight halting in the action of the left leg and a small tendency to bend backward. The opinion was expressed that she would eventually gain entire control of her powers of locomotion.

This was declared to be one of the most wonderful cures in American surgery. In many respects the wound was like that which caused the death of President McKinley, and was identical, it was said with that which resulted in the death of Marshal Field, Jr. in Chicago.

Fortunate Missourians.

"When I was a druggist at Livonia, Mo," writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest cough and cold cure and lung healer. Guaranteed by all druggists. 50c and $1. Trial bottle free.

Road is Assuming Shape.

Waynesboro, Ga., May 5.—The new railroad projected by Hon. George M Brinson and others seems to be assuming shape. The route is being surveyed, and an option has been secured on a hundred acre tract for railroad purposes. It is also asserted that this road that will run from Savannah to Athens will be a connecting link, with the Louisville and Nashville, giving them an outlet to the sea. This will mean much to both Atlanta and Savannah if such is the case. The new road will greatly benefit this city, and open up new and rich territory heretofore untouched by railroads.

Not if as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The eminent physician cannot prescribe a bottle preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by all druggists.

Commits Suicide in Church.

Cincinnati, May 5.—Using a straw to prevent disfiguring her face, Mrs Emma Reybert, wife of a printer, last night in the solemn quietude of St. Philomenas church, committed suicide with carbolic acid. She died a few minutes after being found, but her identity was not established until after midnight. Despondency because of poor health is believed to have been the cause for the act.

Deaths From Appendicitis

Decrease in the same ratio that the use of Dr. King's New Life Pills increases. They save you from danger and bring quick and painless release from constipation and the ills growing out of it. Strength and vigor always follow their use. Guaranteed by all druggists 25c. Try them.

Lost Life While Saving Friend.

St. Augustine, Fla., May 5.—Fred Knauss, a machinist, aged 36, jumped from a beach jetty after a pal and was drowned.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is supposed of character, far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Underwood, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five days time. To rid the scalp of these germs it is necessary to apply Newbro's Herpicide.

Destroying the cause—you remove the effect.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

MOZLEY'S LEMON ELIXIR

"One Dose Convinces."

Big Offer for 'Frisco Property.

San Francisco, May 5.—The local syndicate which owns the Lick house site, on Montgomery street, between Post and Sutter, has been offered $750,000 more than they paid for the lot and hotel building about 2 years ago, and have declined to sell. This offer is a strong indication of down-town realty values.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally, I tried Foley's Kidney Cure and less than two bottles completely cured me, and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. J. W. McCollum & Co.

Heavy Loss at Oakland.

Oakland, Calif., May 5.—Governor Pardee has received a dispatch from Santa Rosa saying that the property loss caused by the recent earthquake will amount to about $3,000,000. It will cost at least $150,000 to clear away the wreckage.

Your baby? You wonder why he cries. Buy a bottle of White's Cream Vermifuge and he will never cry. Most babies have worms, and the mothers don't know it. Price 25c. Sold by W. M. Johnson.

New National Bank Soon to Sart.

Macon, Ga., May 5.—About July 1 a new national bank is to begin operation in Macon. The work is now practically completed, and Macon capitalists are already working for the new business. Strong money backing will support the institution.

Best for Women and Children.

On account of its mild action and pleasant taste Orino Laxative Fruit Syrup is especially recommended for women and children. It does not nauseate or gripe like pills and ordinary cathartics. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating them. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

SURGEON COAXES BACK LIFE.

Wonderfully Delicate Operation Has Proven Successful.

New York May 5.—A 15-year-old Italian girl was used as an illustration on the subject of laparotomy which was discussed at the New York academy of Medicine Thursday and excited great interest.

The girl last October was shot through the spinal cord, abdomen and liver. The surgeon who performed the subsequent operation, read a paper on the subject before the academy. The girl now only shows a slight halting in the action of the left leg and a small tendency to bend backward. The opinion was expressed that she would eventually gain entire control of her powers of locomotion.

This was declared to be one of the most wonderful cures in American surgery. In many respects the wound was like that which caused the death of President McKinley, and was identical, it was said with that which resulted in the death of Marshal Field, Jr. in Chicago.

Fortunate Missourians.

"When I was a druggist at Livonia, Mo.," writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest cough and cold cure and lung healer. Guaranteed by all druggists. 50c and $1. Trial bottle free.

Road Is Assuming Shape.

Waynesboro, Ga., May 5.—The new railroad projected by Hon. George M. Brinson and others seems to be assuming shape. The route is being surveyed, and an option has been secured on a hundred acre tract for railroad purposes. It is also asserted that this road that will run from Savannah to Athens will be a connecting link, with the Louisville and Nashville, giving them an outlet to the sea. This will mean much to both Atlanta and Savannah if such is the case. The new road will greatly benefit this city, and open up new and rich territory heretofore untouched by railroads.

Not if as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The eminent physician cannot prescribe a bottle preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by all druggists.

Commits Suicide in Church.

Cincinnati, May 5.—Using a straw to prevent disfiguring her face, Mrs. Emma Reybert, wife of a printer, last night in the solemn quietude of St. Philomenas church, committed suicide with carbolic acid. She died a few minutes after being found, but her identity was not established until after midnight. Despondency because of poor health is believed to have been the cause for the act.

Deaths From Appendicitis

Decrease in the same ratio that the use of Dr. King's New Life Pills increases. They save you from danger and bring quick and painless release from constipation and the ills growing out of it. Strength and vigor always follow their use. Guaranteed by all druggists. 25c. Try them.

Lost Life While Saving Friend.

St. Augustine, Fla., May 5.—Fred Krauss, a machinist, aged 36, jumped from a beach jetty after a pal and was drowned.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or [illegible] denotes affection and dark hair inconstancy. A person without hair is the model of character, far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Unna, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five days time. To rid the scalp of these disease germs it is necessary to apply Newbro's Herpicide.

Remove the cause—you remove the effect.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

"One Dose Convinces."

Big Offer for 'Frisco Property.

San Francisco, May 5.—The local syndicate which owns the Lick house site, on Montgomery street, between Post and Sutter, has been offered $750,000 more than they paid for the lot and hotel building about 2 years ago, and have declined to sell. This offer is a strong indication of down-town realty values.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally, I tried Foley's Kidney Cure and less than two bottles completely cured me, and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. J. W. McCollum & Co.

Heavy Loss at Oakland.
